## 2 First NFT AIXC

### 1- Select the opening round

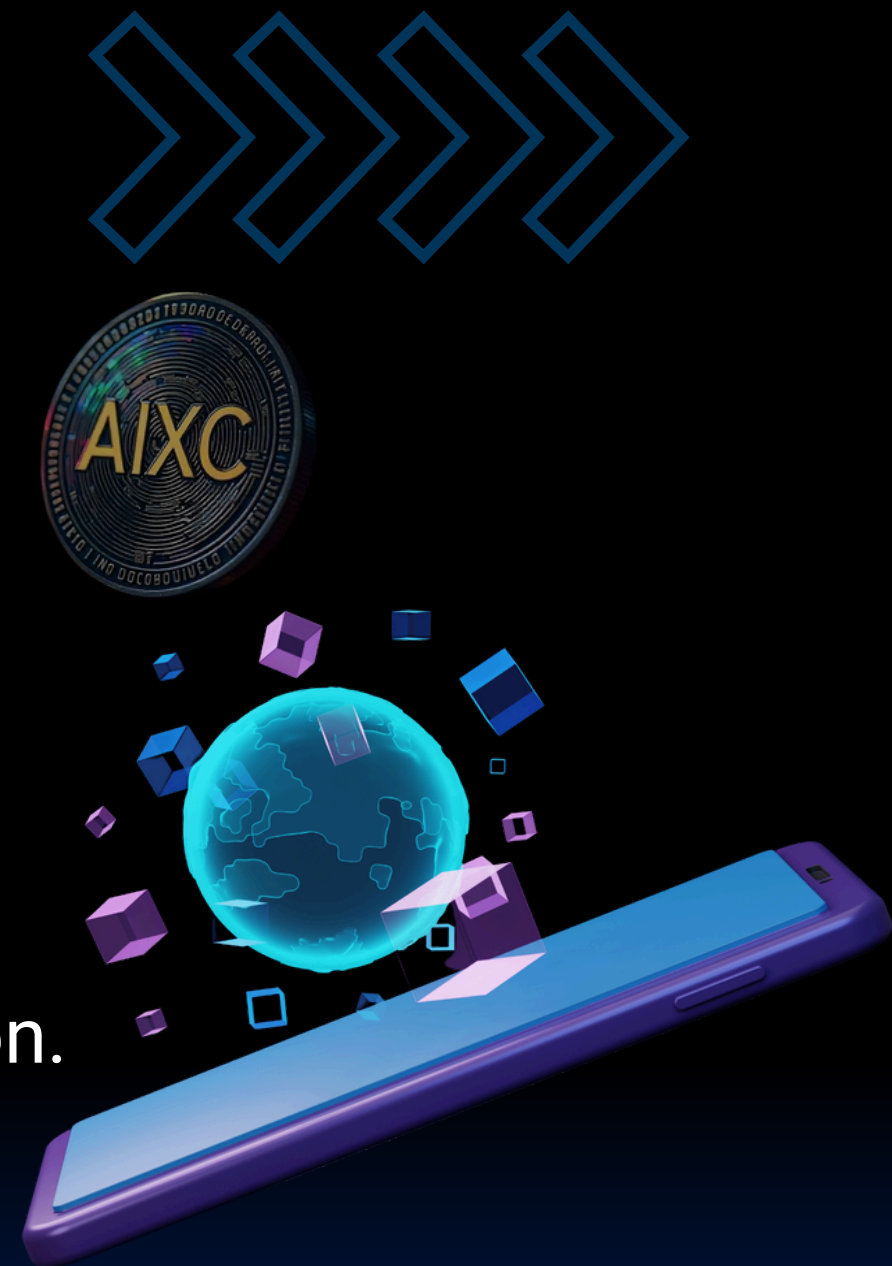

- On the Leap interface, you will see 32 AIXC NFT sale rounds.
- Each round displays the number of NFTs, USDT price, and time remaining.

### 2- Confirm transaction

- Enter the number of NFTs you want to buy (minimum 1 NFT).
- The system will automatically calculate the total USDT to be paid.
- Click “Buy Now” → Wallet will display a popup confirming USDT transaction.
- Confirm on wallet, wait for BSC network to process (usually < 30s).

### 3- Finish

- After the transaction is successful, the AI-DeFi system will automatically Mint the AIXC NFT and send it to your wallet.
- Check in “My NFT” to make sure you received the token.

## 3 Receive Rewards Automatically

### 1- USDT Reward after each round

- When the AIXC NFT sale round ends, the system calculates the total USDT sales and divides it equally among all NFTs in circulation.
- USDT rewards will be automatically transferred to your wallet (no manual operation required)

### 2- Monthly AIXC Bonus

- From May 2025 to April 2026, each AIXC NFT you hold will receive 45,000 AIXC at the end of the month.
- Maximum total each NFT can receive: 540,000 AIXC/NFT (12 times).
- The reward will be automatically transferred to your wallet, you just need to hold the NFT for 12 months.
